

Buying a Phone: Customer

I need a phone with a good camera.

What is the difference between these two phones?

Is the phone unlocked?

How much are the monthly rates?

Does the phone come with a charger?

How much storage does the phone have?

What is the battery life like?

I need to get a SIM card for my phone.

I'd like something with lots of storage.

Does this phone have a slot for SD cards?

What is the quality of the screen like?
